

BOTTLING YOUR SAUCE

"GETTING STARTED" CHECKLIST

Choose your bottling company	One of the first steps to getting started is selecting a co-packing/bottling company to make and bottle your product for you	<input type="checkbox"/>
Notes:		
Bottle Selection	The next step is to determine what type of bottle you want to package your product in. You can go to our website www.endorphinfarms.com to look at our catalogue of available bottles	<input type="checkbox"/>
Notes:		
Trade Secret / Non Disclosure Agreement	Complete the Trade Secret / Non Disclosure Agreement and fax it to 904-824-4014 or email it to sales@endorphinfarms.com	<input type="checkbox"/>
Notes:		
Send us your recipe	If you already have your own recipe, complete the Recipe Template provided on our website www.endorphinfarms.com and fax it to 904-824-4014 or email it to sales@endorphinfarms.com	<input type="checkbox"/>
Notes:		
Develop your recipe	If you do NOT have your own recipe and need the assistance of Endorphin Farms Inc to develop one with you, please call us at 904-824-4014 or email us at sales@endorphinfarms.com	<input type="checkbox"/>
Notes:		
Cost Analysis	Endorphin Farms Inc will calculate the cost of your recipe and provide you with a per case cost which includes all ingredients, glass, caps, shrink bands and labor	<input type="checkbox"/>
Notes:		
Product Sample	Once the preliminary pricing is completed, the next step is to make sure that Endorphin Farms Inc can reproduce your product by doing a Sample Batch. <i>(There is an upfront \$400 fee to cover the cost of making the sample, preparation of the Nutritional Panel and preparation of the Process Authority Letter)</i>	<input type="checkbox"/>
Notes:		
Designing your Label	Although Endorphin Farms Inc applies the labels to your product, we do NOT design or print the labels needed. You will need to contact a label company to help with the design and printing of your labels. <i>(Refer to our website www.endorphinfarms.com for a list of recommended label companies)</i>	<input type="checkbox"/>
Notes:		
First Production Run	Once your recipe has been perfected, a bottle selected and your labels have been printed, the final step is to run your first production. (A minimum of 1 kettles = approx 900 lbs)	<input type="checkbox"/>
